Morning care

Share today's last diaper, bottle, and completed nap with your center before your child arrives.

ADD AN UPDATE IN THE IPHONE APP

1. Open Home. Select your child.
2. Tap Add beside Morning care from home.
3. Choose Last diaper, Last bottle, or Last nap.
4. Enter the time. For a nap, enter both start and end times.
5. Tap Save. Repeat for another care type if needed.

RULES AND LIMITATIONS

Before check-in: Add or edit today's entries until your child's first check-in. After that, you can only read them.

One shared log: Only the latest diaper, bottle, and nap are kept for the day. Other guardians with full access share these entries.

Missing Morning care? Select the correct child. Ask your center to check classroom access and your full access to the child.
